If it totals four to eight hours it will be counted as an additional full staff contract day.

Faculty meetings that will exceed the normal end of the work day must be preceded by a twenty-four (24) hour notice to the employees.

Evening Assignments: Employees may be required to attend no more than 4 evening assignments or meetings each school year.

Section D – Early Release

On Fridays, days immediately preceding non-work days, and on days when school is dismissed early because of inclement weather (except heat related dismissals), the workday shall end when students have departed from their respective buildings. When early dismissal is due to heat, employees in buildings without air conditioning will also be dismissed when students have departed.

Section E – Non-Student Period

Unless extenuating circumstances prevent same, each employee shall have a thirty (30) minute period paid with no students. Such time shall be in addition to the employee's duty-free lunch period. If a substitute teacher is unavailable, any certified staff member who supervises another teacher's class/study hall during their prep time will be compensated at \$20.00 per class period.

In the event none of these options are possible the teacher will be compensated at the rate of \$1200 per semester.

Section H – Collaboration and Peer Review

In compliance with Iowa law, the School District will set aside at least thirty-six hours in the school calendar to allow teachers to collaborate with each other regarding educational programs and assess student learning, or to engage in peer review.

Article IV

Section A – Sick Leave

An employee shall be entitled to sick leave, granted in minimum units of one-quarter day increments (2 hours), in the following graduated scale:

Each additional Year of employment in the district	15 days of sick leave

The above amount applies only to consecutive years of employment in the district, and unused portions may be accumulated only to a maximum of one hundred and twenty (120) days. No sick leave shall accrue during the time of absence.

If an employee leaves the employment of the school district, and later returns as an employee in the district, accumulated sick leave of the first employment shall not be transferred to the second, unless the employee has been granted a leave of absence or has been subject to staff reduction for the time missed.

The Board shall in each instance, require such reasonable evidence as it may desire confirming the necessity of such leave of absence.

All sick leave benefits shall terminate and/or be forfeited upon termination of employment for any reason.

Employees will be furnished an accounting of accumulated days on or before October 1st of each year. Failure of the employee to object to the accounting provided by the District within ten (10) calendar days of the receipt of the notice shall constitute a waiver of the employee's right to grieve said accounting.

If an employee misses one class period/one hour or less and someone is willing to cover the class time, there will be no deduction from the individual's leave record. If the time absent is for two periods/two hours, .25 (1/4 day) will be deducted from the individual's leave record.

Personal leave requests must be made five (5) days in advance of the anticipated absence except in cases of emergency. Not more than two employees from either attendance center may be granted personal leave for the same day, except in cases of emergency. Requests shall be honored on a first-come-first-serve basis according to the time they are presented in writing and received in the principal's office. Personal leave may not be used during the first two weeks (10 working days) or the last

two weeks (10 working days) of the school year or on the last working day before, or the first working day after a holiday or vacation. The superintendent may approve exceptions to these limitations for individual circumstances. Strong consideration will be given to one time events. An employee who does not use personal leave in a year shall receive \$100 per unused day or current sub pay, whichever is greater.

Any additional leave days, when granted in the discretion of the superintendent, shall be paid at full pay reduced by an amount equivalent to the approved substitute's pay for those days.

The Association shall reimburse the Board for the cost of the substitute teachers for absent employees.

**Article V
Salary**

Section A – Salary

The combined salary of each employee covered by the regular salary schedule is set forth in Schedule A, which is attached hereto and made a part thereof.

Teacher Salary Supplement money will be divided evenly among eligible staff as long as that results in staff meeting state minimums. If that does not result in staff meeting state minimums, affected teachers will receive extra funds to raise them to the minimum which would lower everyone else's amount. Payment will be made monthly in the employee's

regular pay check. The amount paid by the District, including the District's share of FICA and IPERS will be equal to the amount received from the state for this purpose.

In the event of a reduction in the teacher salary supplement per pupil amount, and before any adjustment of wages may occur, the Board and Administration must meet with the Association to discuss the anticipated adjustment. The Association may then offer its views and recommendations on the anticipated adjustments.

Section B – Adjustment of Salary Schedule

Each employee will be placed on his/her proper step of the salary schedule as of the effective date of this agreement and in accordance with paragraph C below (save and except no employee shall receive a cash raise larger than 1 ½ steps, except for those moving horizontally due to additional hours).

Section C – Credit for Experience

Credit up to the 15th step of any salary level on the employee salary schedule shall be given for previous outside teaching experience in a duly accredited school upon initial employment, if said experience is acquired within the last fifteen (15) years

Former employees with one or more years of previous experience within the district and who have more years of previous experience within the district and who have not been actively involved in teaching for more than the six (6) years immediately preceding reemployment may, at the discretion of the Board be placed above the first step of the schedule.

Section E – Advancement on Salary Schedule

1. Increments: Employees on the regular salary schedule shall be granted one increment or vertical step on the schedule for each year of service until the maximum for their educational classification is reached. A year of service consists of employment in the District for one hundred (100) consecutive teaching days or more in one school year.
2. Educational Lanes: Employees on the regular salary schedule who move from one educational lane to a higher educational lane shall move to the nearest eligible step on the higher lane so as to provide a raise for the move. After July 1, 1992 hours shall be graduate hours in the employee's teaching field or as a part of an educational plan approved by the superintendent. For an employee to advance from one educational lane to another, he/she shall file suitable evidence of additional educational credit with the superintendent prior to September 10th of the academic year. It is recommended that employees complete the "Horizontal Lane Movement Form" (Appendix C) to ensure that the Superintendent approves

hours being taken for lane movement. If the hours are taken without prior approval the employee assumes the risk that they might not be approved.

Section F – Pay Period

Employees shall receive their regular paycheck in twelve (12) equal installments on the 20th of each month at their regular building. If the twentieth (20th) falls on Saturday, Sunday, or a holiday, then the check will be received on the previous Friday or the workday prior.

2. Meetings or training sessions that the employee is required to attend will be paid at the employee's regular per diem rate.
3. There will be no payment to the employee for attending meetings or training sessions that are not required by the employer and not approved by the Teacher Quality Committee.

The TSS Professional Development funds received from the state will be paid to teachers, on a regular per diem basis for the work described in number 2 above. As long as funds are available, they can be used to support projects proposed by building teams, and approved by the Building Principal and Superintendent that support ongoing building improvement efforts. The use of TSS Professional Development funds for the purposes described in this paragraph will be approved by a Teacher Quality Committee composed of the Superintendent, one other administrator of the Superintendent's choice, and two EMEA members appointed by the association.

The Teacher Quality Committee defined above will meet as needed to fulfill the requirements of Iowa Code Chapter 284.4. Should legislation remove the requirements to have a Teacher Quality Committee the Teacher Quality Committee will cease to exist. A committee with membership as described in the preceding paragraph will still exist to fulfill the responsibilities described in the same paragraph above.
